

Q-Link Nimbus with SRT-3

Q-Link technology helps balance and clarify your energy and are shown to reduce the effects of stress on your mind & body, allowing you to experience enhanced well-being, increased performance and improved quality of life. From utilitarian to luxurious - there's a model for everyone.

In an increasingly wireless & stressful modern day world, Nimbus helps **create order out of chaos**. Representing the latest generation of scientifically validated 'Active' Q-Link SRT products, Nimbus is designed to help clarify and support the users biofield by enhancing the environment in which the user works, lives and otherwise occupies.

Plug Nimbus in to any USB port or hub to effortlessly & instantly generate a 30' omnidirectional radius of SRT-3 you can use to reduce the negative effects of EMF on your body and mind - and enhance your well-being, performance and quality of life. An essential companion to every workstation and perfect for larger home, office, retail environments, automobiles and other spaces where others can as well benefit. Nimbus is also an ideal compliment to anyone already utilizing a wearable Q-Link SRT product.

Who can benefit from Nimbus? Individuals spending any amount of time in a car, in front of a computer, office workers, commuters, students or entire classrooms, IT professionals, writers, graphic artists, business people, jet-setting laptop users, teachers, gym members and fitness facilities, and many others.

Transports easily for discreet use anywhere. No software required. Backlit Q-Link logo indicates power-up. USB cap removes and stores on unit end while in use.

Optional AC to USB wall and Car adapter allows for discreet use anywhere beyond direct computer plug-in and more centralized placement for targeted coverage. Adapters sold separately.
